Education

BMS Institute Of Technology And Management (2024–2028) **CGPA – 9.23**

Bangalore, Karnataka

Pre-University – Arjuna Science PU College (2022–2024) **Percentage – 93.7**

Dharwad, Karnataka

Class X – RNS Vidyaniketan (2022) **Percentage – 98.56**

Murdeswar, Karnataka

Relevant Coursework

- | | | |
|-----------------------|---------------------------|-------------|
| • Data Structures | • Database Management | • OOPs |
| • Algorithms Analysis | • Artificial Intelligence | • C and C++ |

Experience

Hackathon Projects & Technical Learning

2024 – Present

Developer & Team Collaborator

Bengaluru, India

- Participated in several hackathons and collaborated with teams to build innovative solutions under time-constrained environments.
- Worked on real-world project ideas involving AI integration, full-stack development, and problem-solving applications.
- Developed strong teamwork, collaboration, innovation, and project execution skills through technical activities and events.
- Worked on multiple hardware-based projects using ESP32, motors, sensors, and electronic components.

Projects

Smitrace | *JavaScript/TypeScript, Next.js, React, Python, Rust, PostgreSQL, Cryptography*

- Smitrace is a system that makes AI decision-making traceable, explainable, and verifiable by recording the evidence and reasoning behind every decision an AI model makes.

Student Result Management System | *HTML, CSS, JavaScript, Node.js, Express.js, MySQL, JWT, Railway, Netlify*

- Secure university result management system with authentication and database integration features.

ATM Banking Management System | *Java, Java Swing, SQLite, Maven, HTML, CSS, JavaScript, Vercel*

- A secure ATM simulation for managing customer accounts, deposits, withdrawals, transaction history, and digital receipts.

Gesture Controlled Bot & Robo Soccer | *ESP32, IoT*

- Built robotic systems using ESP32, sensors, motors, and embedded hardware modules.

Technical Skills

Languages: JavaScript, Python, C, C++

Frontend: HTML, CSS, JavaScript

Databases: MariaDB, SQL

Tools: GitHub, VS Code

Leadership / Extracurricular

Project Development & Innovation

2024 – Present

Team Lead / Participant

Bengaluru, India

- Participated in multiple hackathons focused on innovative software and real-world problem-solving solutions.
- Secured top positions competing against 90+ teams and collaborated in fast-paced development environments.
- Recognized for teamwork, public speaking, project presentation, and collaborative technical execution.
